PROFESSIONAL SUMMARY:

Full-Stack Developer with **2 years** of experience building scalable web applications using Angular and Spring Boot. Skilled in developing REST APIs, creating responsive UI components, integrating frontend and backend systems, and improving overall application performance. Strong team collaborator with Agile experience and a focus on delivering clean, maintainable, and user-centric solutions.

SKILLS:

- **Frontend** : Angular, TypeScript, JavaScript, HTML5, CSS3, SCSS, Bootstrap, PrimeNG, Angular Material
- **Backend**: Java, Spring Boot, RESTful APIs, JDBC, Microservices (Basics), Postman
- **Databases:** MySQL
- **Tools & Platforms**: Eclipse IDE, Spring Tool Suite (STS), VS Code, Git / GitHub, JIRA

WORK EXPERIENCE:

Cyepro Pvt Ltd – Hyderabad
Jr. Associate Software Engineer | Jan 2024 – Present

Project: *Cyepro Smart Sales App* — A CRM platform for automotive dealerships to streamline customer management, automate marketing workflows, and track the complete sales lifecycle.

Key Contributions:

- ➢ **Developed and enhanced 25+ modules** involving complex CRUD operations, bulk uploads, and workflow optimizations, improving operational efficiency and scalability.
- ➢ **Optimized RESTful APIs** in Spring Boot, achieving **faster data transfer** and seamless integration across multiple Angular components.
- ➢ **Built and refactored reusable Angular components**, improving UI consistency, maintainability, and load time by **up to 30%**.
- ➢ **Resolved over 100 defects** and delivered **25+ new features**, leading to improved product performance and customer satisfaction.
- ➢ **Collaborated cross-functionally** with QA, backend, and design teams, contributing to Agile sprint ceremonies and successful on-time deliveries.

EDUCATION:

Bachelor of Technology, Electronics & Communication Engineering
Sree Chaitanya College of Engineering
Graduated: Aug 2023

CERTIFICATIONS:

Java Full Stack Development Certification
Coding Hub Innovations Pvt. Ltd. (April 2024)
